End of Term Newsletter - Issue #75

## MESSAGE FROM THE HEADTEACHER

Dear Parents and Carers,

### Thank Merry Christmas!

Welcome to the last newsletter of 2024. For FPSS, it has been a year of much success as well as many adventures and experiences. Our students have lived our ACHIEVE values daily in lessons and through various clubs, activities and visits. Our ambition led to record Key Stage 4 exams results in the summer, something for which we can all celebrate.

I would like to thank all staff, governors, parents, carers and students for their many contributions to FPSS in 2024. It is your combined efforts that create our school community and ensure our students ACHIEVE excellence.

### Rewards and End of Term Assembly

This week much of that excellence has been evident in Rewards Assemblies for all Year Groups (see our star students on pages 2 & 3), as well as our fabulous End of Term Assembly. In each, students have been rewarded with vouchers and prizes for their fantastic efforts. This newsletter includes more detail, including some of the reasons behind the nominations (see page 12). It reminds us how many students excel at FPSS and I would like to congratulate students for their efforts this term.

### Farewells

The end of every long term sees some departures from FPSS and we are sad to be saying goodbye to Nicky Cochrane (PE), Yvonne Chapman (Shine), Stuart Forster (Music) and Dani Hawkins (History). We wish them every success in their next ventures.

## Support and Gifts for our Students and their Families

With Christmas nearly upon us, we are very aware that not all the families in our diverse and inclusive school are able to enjoy the break in the same way. For many Christmas simply magnifies worries. I am therefore really thankful for the efforts of FPSS staff and local organisations in supporting our community at this time.

This year FPSS has been able to provide some of our families gift vouchers (funded by The Link Foundation), selection boxes, supermarket vouchers (supported by Achieving for Children), pyjama gifts (funded by Baby Bank) and Christmas presents (helped by Brett Foundation).

Last but by no means least St Peter's Church have very kindly supplied families with 125 gift bags which we have given to students who have faced personal difficulties or hardships this year.

Thank you to all for their fabulous generosity. FPSS is proud to be part of such a kind and thoughtful community.

We wish you all a Merry Christmas and Happy New Year.

Take care,

Dr Andrew J Morrison (BA Hons, PGCE, MA, PhD)

## SIXTH FORM SUBJECT COMBINATIONS - NEW

Dear Students, Parents and Carers,

Up until Thursday 12<sup>th</sup> December, guidance from the government was that students would have to select a minimum of 2 A-Level qualifications, with a maximum of 1 Vocational qualification (referred to as AAQs for 2025). This meant we could only accept students into the Sixth Form with one BTEC/CTEC or Vocational course in their 3 subject choices.

The government's announcement on Thursday stated that,

"We will not tell providers and students which types of qualifications they can and cannot mix together. It should be for colleges and sixth forms to work with students to devise the best mix for each individual. We will therefore not be applying the previously proposed rules of combination."

This means students are, once again, free to select whichever combination of subjects they prefer for their Level 3, post-16 studies. This is great news for our students' freedom of choice and something the Sixth Form warmly welcomes.

As such, I am very pleased to say that students are now able to pick any combinations of Level 3 course options post-GCSE. We will be removing the requirement on the Admissions+ platform for students to pick a minimum of 2 A-Levels and enabling them the choice that we have offered in previous years.

If students have already selected their options and would like to make amendments based on this information, please email [sixthform.admin@furzeplatt.net](mailto:sixthform.admin@furzeplatt.net) with the details of any desired changes and we can look into facilitating this for students.

I would point out that entry requirements will not change. Students will still need to achieve the entry requirements for whichever subjects they choose. All entry requirements and subject information can be found in the subject pages in our prospectus here.

Should students, parents or carers have any queries, we

would be delighted to provide any further information. Please do feel free to get in touch with us using the Sixth Form admin email address above.

I hope you all have a wonderful Christmas break, and I very much look forward to receiving Sixth Form applications from students by the deadline of 9am on Wednesday 8<sup>th</sup> January 2025.

With very best wishes for the festive season,

Mr P Ging

Assistant Headteacher, Head of Sixth Form

## ARTS AWARD BRONZE AND SILVER

This academic year, we are thrilled to be running both the Silver and Bronze Arts Awards, with 31 dedicated students working hard since September.

Our Silver Award group is made up of students who successfully completed their Bronze Award last year and were eager to take on the new challenge. Their enthusiasm was inspiring, with many returning students already brainstorming their ideas over the summer and excited to get started. A key focus of the Silver Award is the leadership project, where students must plan, organize, and lead a group to complete an artistic project. Through this, they are developing essential skills such as planning, risk assessment, team motivation, and ultimately delivering a successful outcome.

Our Bronze participants have been busy sharing their skills within the group while planning their own main artistic challenges. While it can feel a little intimidating for some at the start—especially for our Year 8 students working alongside Year 10 GCSE students—our younger participants have shown exceptional courage and determination. It's truly impressive to see their confidence grow, as they stand proudly in front of older peers to showcase their talents.

That said, the true strength of our Arts Award group lies in its supportive and inclusive atmosphere, where everyone is ready to step in and help one another. Lifelong friendships are being formed, and perhaps we are witnessing the early days of future artistic collaborations!

Looking ahead, we have two exciting trips planned for the spring and summer terms, and we'll be working even harder—while having even more fun—after the holidays.

Well done to all our Arts Award students so far. Keep up the fantastic work!

This year, all KS3 students along with a couple of KS4 and KS5 students took part in the Bebras Challenge. The Bebras Challenge involves using computational thinking skills to decompose problems and puzzles with the aim of solving them. This November over 467,190 students took part in the UK, and over 3 million worldwide.

Each participant had 45 minutes to tackle a series of online interactive tasks which are allocated according to their age group.

We are delighted to announce that 10 students achieved scores within the top 10% of the country. They receive Gold Awards Certificates. The top 10% scorers at FPSS are:

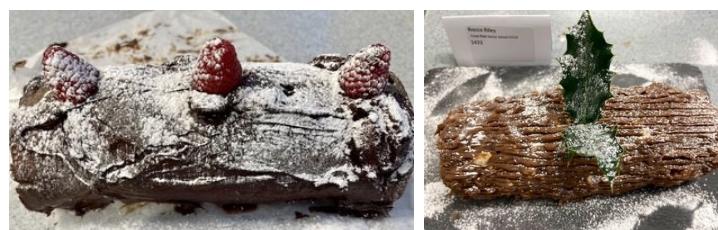

<u>Juniors:</u>	<u>Intermediates:</u>	<u>Seniors</u>	<u>Elites</u>
Felix Parson *	Freddy Dunhill Olivia Jarvis * Harry Davis Uswa Azam * Nadia Dominte Josh King Albie Cozens Lok Hin Joshua Ng	Jack Buy *	Nathan Macey *

NB: Students with \* are also the Best in School for their age category and receive a Best in School certificate.
