Re: GCSE Results Day – New External Students coming from other schools to FPSS

Dear Year 11 Students, Parents and Carers,

I hope this letter finds you well.

I am writing to you regarding GCSE Results Day 2026 and with details of the arrangements for external students holding a conditional offer on how this day will operate at Furze Platt this year, along with information regarding Sixth Form enrolment.

Timings for the day

GCSE Results Day is scheduled for Thursday 20th August 2026. The school will be open for students to come in and enrol from 1pm to 3pm. **Please remember that students must come to FPSS in person with their GCSE results transcript to enrol if they wish to study here next academic year.**

Sixth Form Registration

If students are intending to attend the FPSS Sixth Form, they will need to complete their enrolment form online on Admissions+ once they have obtained their results from 8am and before they come onto site at 1pm.

All details on how to enrol can be found at the bottom of this letter. Our entry requirements are published in our Prospectus, which can be found [here](#).

All external students will need to have an enrolment interview. Interviews will be held in rooms E1 – E3, which is on the first floor of our English/Science block. Signs will be out directing students to this area when you arrive at FPSS.

While we will endeavour to accommodate student choice, enrolment on courses will be dependent on timetable compatibility, course availability and students meeting subject entry requirements. Please note there may be waiting lists in place for oversubscribed courses. This may mean we have to confirm final places on certain courses as soon as we are able to after Results Day.

If a student does not meet the entry requirements for a course, we will try to work with them to identify possible alternatives within the Sixth Form. All students must meet the entry requirements for subjects to be considered for a specific course.

We cannot interview any student who has not completed the enrolment process in full.

Students won't be fully enrolled until they have received a confirmation email from Admissions+.

I wish all of you a very enjoyable summer. Don't forget summer coursework is available on the website, [here](#). This will need to be completed by the first lesson in September for each of your subjects.

We look forward to seeing students on Results Day, where we hope very much to celebrate their successes.

With very best wishes
