## MESSAGE FROM THE HEADTEACHER

### Good Luck Year 13

Today we said goodbye to our Year 13 students via various celebrations and their Leavers Assembly. While we will still see them at Prom and for examinations, today was the chance to celebration each of their contributions to FPSS.

Whether they have been with us from Year 7 or Year 12, our departing Year 13 students have shown an amazing commitment to our school, being role models for our younger students. This has been evident in their leadership of school events, via the school council, academic and pastoral mentoring of Year 7-11 students and much more, not least in their conduct around site.

Our Year 13 have set the bar high for successive years, building superb relationships with each other and staff. They exhibit our ACHIEVE values daily and have developed into the fantastic young adults we wish to see go out and make a difference to society. We are incredibly proud to know our Year 13 students and am sure that their families are equally proud of the people they have become.

I would like to take this opportunity to thank all our Year 13 students for their contributions to FPSS and wish them every success in their examinations and futures. We look forward to keeping in touch with them and hearing of their future successes.

As Year 13 depart, there will also be some families for whom this is the last or only child at FPSS. I would therefore like to extend my thanks to you for being great supporters of our school.

Take care,  
Dr Andrew J Morrison (BA Hons, PGCE, MA, PhD)

## MEET A GOVERNOR

This week we are delighted to introduce Jo Smith, Parent Governor.

### Jo Smith Parent Governor

" I have two children at FPSS, both of whom have received exceptional teaching, learning and pastoral support. It is an enormous privilege to be able to give something back to the school.

I am an experienced HR professional and a trade union official. I have previously worked as an HR Business Partner, providing a 'critical friend' perspective to managers and so am used to questioning and challenging the status quo in an open and constructive way.

I have worked as part of various leadership teams and understand the need to accept collective responsibility for decisions/actions. I recognise the need to have different perspectives within teams, to avoid the 'group think' that can often lead organisations to become embedded in patterns of work/process without questioning their purpose and value.

I am a passionate advocate of comprehensive education, and my priority will be to ensure that all children are able to meet their full potential, and to build a love of learning so that school is a positive place for them all."

## Year 11 Exam Phase 1 - Thursday 7.5.26 – Thursday 21.5.26 (inclusive)

A reminder that there will be a full revision / final preparation programme throughout the exam period, with subject-specific preparation sessions as short a time as possible before the exam. (This will normally be the afternoon before a morning exam or the morning before an afternoon exam – where it does not clash with another exam.)

During Exam Phase 1, students will either be in an exam, a revision session for that exam or in their normal lessons. When in normal lessons, students will have a choice of either working with their teacher for that subject or to revise for another subject – quiet study will be expected. However, students will not be expected to attend tutor time and will thus not be required in school until 8.45am if they have a 9.00am exam or 9.10am if they are going to normal lessons or a revision session. When students have an afternoon exam they will be permitted to leave the school site as soon as the exam finishes.

## Exam Phase 2 – Friday 22.5.26 – Wednesday 17.6.25 (inclusive)

Students will attend their exams and the associated revision sessions. When they are not in an exam or a revision session they will have Home Study, where they

will be expected to be working at home preparing for their next exam. Access to the library to study during phase 2 is possible for limited number of students, however permission will need to be given by myself or Mr Jones in advance. Please contact us if you would like your child to be considered:

([james.dollery@furzeplatt.net](mailto:james.dollery@furzeplatt.net) and [nicolas.jones@furzeplatt.net](mailto:nicolas.jones@furzeplatt.net)).

Details of the revision programme that will run during Exam Phases 1 & 2 will be shared once published.

If you have any queries, then please do not hesitate to contact me or Mr Jones.

## MENTAL HEALTH AWARENESS WEEK 11<sup>TH</sup> – 15<sup>TH</sup> MAY 2026

Next week is Mental Health Awareness week. It's a reminder of the importance of good mental health and the need to prioritise and invest in good mental health.

The Mental Health Foundation's 2026 focus is 'Take Action'. This Mental Health Awareness Week they are asking people to join in taking action to support good mental health. Even small actions can help us feel hopeful and less powerless. And while our individual actions matter, when we come together we are even more powerful.

We would like to take this opportunity to remind families of the support available for young people who may be struggling. The below organisations offer a number of sources of information regarding:

- Mental health conditions
  - Supporting your child's mental health
  - Strategies for supporting wellbeing
- Access to professional support for mental health

If you have any concerns about your child's mental health and wellbeing please do reach out to us or visit our safeguarding pages via the links below.

## SCHOOL UNIFORM

We are incredibly proud of our school community and of the high standards our students uphold each day. We firmly believe that wearing the correct uniform, being fully equipped, demonstrating positive behaviour and attending school regularly all play a vital role in helping students learn successfully and achieve their full potential.

Over recent weeks, however, we have noticed an increasing number of students not meeting our expectations regarding school uniform. In particular, we have seen students wearing false eyelashes, trainers, skirts that are too short and jewellery that is not permitted under our Uniform Policy.

Time that should be focused on learning, progress and celebrating achievements is instead being spent reminding students of basic expectations. We are therefore asking for your support in ensuring that all students return to school fully compliant with our uniform standards.

We would like to sincerely thank the many parents, carers and students who consistently take pride in their appearance and support the school's expectations. Following the holiday, regular uniform checks will take place to ensure standards are maintained across the school.

Please ensure that:

- your child has the correct uniform;
- uniform is worn appropriately each day;

all items are clearly named so lost property can be returned promptly.

Please note that the school reserves the right to confiscate items that do not form part of the school uniform, and students may be sent home to change if their uniform is deemed unacceptable.

We have worked closely with our suppliers to ensure that our uniform is practical, affordable and of good quality. The guidance below is intended to help families avoid purchasing items that do not meet school expectations. If you are unsure about any item, please contact the school before making a purchase.

### Compulsory Uniform

#### White Shirt

May be purchased from any retailer but must have a top button that can be fastened. Shirts must be worn tucked into skirts or trousers

#### School Tie\*

House colours for Years 7–11. Must be purchased from Hawkinsport.

#### School Blazer\*

Blue blazer with the school crest.

#### School Skirt\*

Must be purchased from Hawkinsport. The official school skirt is the only permitted style and must reach to just above the knee.

#### Trousers

May be purchased from any retailer but must be plain black, straight-leg and smartly tailored. Denim, cotton jean-style, ribbed, skinny-leg or flared trousers are not permitted.

#### Shorts

Plain black, straight-leg and smartly tailored knee-length shorts. Denim, cotton jean-style, skinny-leg or flared shorts are not permitted.

#### Socks

Dark colours only.

#### Tights

Black or natural only.

#### Shoes

Black, smart-style shoes only. Logos, trainers, trainer-style shoes, canvas shoes, heels, boots, Crocs or backless shoes are not permitted.

\*Items marked with an asterisk are available from Hawkinsport, Bourne End. Please click the link at the bottom of this page to access the online shop. Free weekly deliveries to school are available on Thursdays during term time. When ordering, please include your child's name and form group at checkout.

We would also like to remind parents and carers that any acrylic or false nails, coloured nail varnish or false eyelashes applied during the holiday period must be removed before students return to school. In line with our policy, nail varnish must be clear, and false nails, nail extensions and false eyelashes are not appropriate for the school environment. These can also pose health and safety risks, particularly during practical subjects such as PE.

Any student not meeting these expectations including wearing inappropriate skirts, trainers, leggings or jewellery will be asked to rectify the issue promptly.

We greatly appreciate your continued support in ensuring that all students arrive at school ready to learn, dressed appropriately and taking pride in being part of our school community.

Thank you for your ongoing support.

## Safeguarding Focus : Vaping

ASH research group states that 20% of 11–17-year-olds have tried vaping, an estimated 1.1 million. · Where as 7% of teenagers currently vape.

### 5 things you need to know:

#### The law

It's illegal to purchase nicotine vapes for under-18s in the UK. It is also now illegal for shops to sell single use disposable vapes. Possessing or using vapes with THC or Spice can also lead to legal trouble, including criminal charges as these are Class B drugs.

#### Vaping is not risk-free

While vaping is often marketed as safer than smoking, it still carries health risks - especially for young people. Vapes can contain harmful substances including nicotine, which is addictive as well as other chemicals and substance

#### Some vapes contain illegal or dangerous substances

There have been national reports of vapes containing THC (the psychoactive compound in cannabis) or synthetic cannabinoids like Spice, which can be extremely dangerous and unpredictable. These are Class B drugs and are illegal.

Vapes containing THC are also sold as California pens or 'Cali pens'. They may show images of cannabis leaves or have screw on cartridges which are unlabelled.

#### THC and Spice are especially risky

Spice is a man-made drug that can cause severe side effects such as paranoia, hallucinations, seizures, and even death. Police have found some vapes to contain Spice without users knowing causing significant danger to health.

#### Danger to development

Use of vapes can be dangerous to health for anyone but especially for young people who are growing and developing. There are short term impacts to memory and learning but also long-term brain development.

#### How to help your child

##### Talk openly and early with your child

Start conversations about vaping early, in a calm and non-judgmental way. Ask what they know, share facts, and listen to their views. This builds trust and keeps communication open.

##### Be aware of the signs of vaping

Look out for signs like sweet or fruity smells, increased thirst, nosebleeds, or changes in behaviour. Vapes can be small and easy to hide, so stay observant.

#### Help them understand peer pressure

Teens may vape to fit in. Help them build confidence to say no and offer ways to handle peer pressure without feeling left out.

#### Set clear expectations and boundaries

Let your child know your stance on vaping and why. Be consistent but supportive, and explain the reasons behind your rules.

#### Encourage healthy coping strategies

Teens may turn to vaping to manage stress or anxiety. Encourage healthier alternatives like exercise, hobbies, or talking to someone they trust.

#### Where to go for help

### Young people and vaping

Vaping is not recommended for young people under 18 because it is not harmless. Find out how to talk to them about vaping.
