Exam Access Arrangements

- During KS3, teachers will be trialling different exam access arrangements with young people who may need them in their subject.
- There are **no** designated exam access arrangements for any student, even if they had arrangements at primary school. It is up to the teacher's discretion whether to give an arrangement.
- We collect evidence from teachers as to whether this is effective in our setting
- All students will be assessed for exam access arrangements in Year 9. The results of this and feedback from teachers will be used to dictate arrangements for Y10 and Y11.

MESSAGE FROM THE HEADTEACHER

Dear Students, Parents and Carers,

Welcome to the 2023/24 Academic Year

I have been delighted to welcome students to FPSS this week. I would particularly like to welcome new parents and carers to the FPSS community.

As we begin a new year, we have emphasised to all students the importance of identifying and repeating past successes. The new start also offers the students the chance to change what has not worked so well and we have encouraged students to take up that challenge, as well as try some of the range of fantastic opportunities

Age-Related GCSE Grade in Key Stage 3

- Students are assessed according to their progress throughout Years 7 & 8 & 9.
- Towards the end of Terms 2, 4 & 6, assessments will be set in each subject that are marked against 'Age-Related GCSE Grades'.
- These grades indicate what your son/daughter is likely to achieve in Year 11 if they continue at their current level of effort and progress.
- These grades do not tell you what a student would get if they took a GCSE at that moment in time.
- Assessments get harder from term to term and year to year, so that a grade 6 in Year 8 represents a higher standard than a grade 6 in Year 7.
- Staying at the same age-related grade as a student moves through Year 7 into Year 8 and year 9 is making progress.

Challenge Grade in Key Stage 3

- This is the minimum grade your teacher believes you should be achieving based on your performance in your Key Stage 2 SATs and your ongoing performance and progress at Furze Platt

Problems...

- Young people can be communicating with strangers.
- What they put online remains as a digital footprint forever.
- Cyber bullying
- The number of 'likes' they have can seem more important than their 'friends'.
- Young people are heavily influenced by media directed at them!

Some suggestions

- Encourage use of technology for learning
- Friends should be people they know and see
- Talk to them about platforms and influencers
- Follow / befriend your children
- Check their interactions on WhatsApp, Instagram and SnapChat
- Use data caps on mobile accounts and lock them

Who are the PTFA?

- The PTFA is a registered charity run by a highly motivated small group of volunteers.
- We are **ALWAYS** happy to add to our volunteer list to spread the load, in terms of participating, co-ordinating and promoting.
- **Can you spare us a small amount of your expertise to help?** If so, please let us know, as we're always looking for help. It can be a few hours folding uniform, taking money at the Quiz bar, coming along to our meetings and/or helping to explore potential fundraising opportunities.
- **MYTH BUSTER:** Your PTA days are NOT over once you leave Primary school! Your children at secondary school still need extra funds for all manner of things, they're just in smaller 'boxes' now at higher prices.
