

## TURTLE CONSERVATION, GREECE, JULY 2026.

### Applications

**June 2025**

Dear parents and carers,

Thank you for showing an interest in the turtle conservation project – this letter outlines the pertinent information and the next steps for applying for a place on the trip.

We have been partnering with Flooglebinder, a travel and conservation company, for the last three years. They are the first B-Corp certified travel company and are experts in delivering educational programmes that create change for people and the planet.

During the 9-day trip students will get hands on experience of turtle conservation, they will learn about their anatomy and the important role they play in an ecosystem, as well as how to protect them and the anthropogenic impacts that are affecting their distribution and behaviours.

Given the school's own sustainable trip targets, we are confident that this trip can provide the students with an unforgettable experience while ensuring minimal social and environmental impact on the ecosystem. Turtles here we come!

### Payment plan

*Please note - the £250 deposit is **non-refundable** – Further payments will only be refunded if the vacant space on the trip can be filled.*

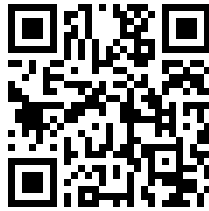

As with any school trip, good behaviour is important to its success. Parents and students should be aware that if a student's behaviour or attendance becomes unacceptable prior to the trip, then the school reserves the right to exclude them from the trip. This could in turn jeopardise any refund of monies paid to that date.

Students will need a valid passport and be confident swimmers – they will be spending quite a bit of supervised time in the sea during the project!

The trip is limited to 30 spaces and selection for the trip will be based on an application process. Please see the information below.
